Strapped in a bed with no clothes  
The room has no windows  
I try to remember last night  
There's nothing

It is cold and my body starts to shiver  
I try to fight it but trying makes me nauseous  
I'm having a hard time deciding  
This is where they take me  
(Where they take me)

I'm crawling back to sleep  
And I still can't believe  
How come you lost your faith in me?  
I spoke with nothing but honesty

I don't recognize the silence  
I can feel it the reality of it scares me  
Sounds of steps outside  
Keys in the door-lock

White robes they're human  
I've been misled

I'm crawling back to sleep  
And I still can't believe  
How come you lost your faith in me?  
I spoke with nothing but honesty

I'm crawling back to sleep  
And I still can't believe

I'm crawling back to sleep  
And I still can't believe  
How come you lost your faith in me?  
I spoke with nothing but honesty

I'm crawling back to sleep  
And I still can't believe  
How come you lost your faith in me?  
Why did you lose your faith?
