Everlast Lyrics

On The Edge

I'll assure you and ensure you you're the one I love

All the Gods up in heaven sent you from above

Sent you down to Earth just to make me smile

Don't you know you're the only thing that's worth while

In my life, be my wife, don't turn me down

You're the best, so say yes and I will never frown

You know you got me on the edge of happiness and
despair

Doesn't matter if I slip cause I know you're there

To catch my fall, all in all I'm havin a ball

Whether we're dancin and romancin or leanin on the
wall

When I'm with you, girl, I could never be bored

You're so fine and you're mine yes, I thank the Lord

Every minute of the hour, all hours of the day

There's one thing I been dyin to say

I love you

You got me on the edge (2x)

We met by chance, I walked in when you were workin

I gave you a glance, advanced and caught you smirkin

At me, the E-v-e, you know the rest

I asked you for your number and began my quest

To conquer your heart, body, soul and mind

You came around and I found that you were one of my
kind

So I laid the same old drag, whispered in your ear

But that didn't work and I started to fear

That you might be too much woman for Everlast to
handle

In my eyes no girl could hold a candle to you

I was confused - hey yo, what's my next move?

My boys said, "Relax E, and act real smooth"

But that approach wasn't workin and I realized

That this girl was really different

That scared me a little but it also intrigued me

I wanted to know if you were serious, not tryin to lead
me

On, so I confronted you and asked you the time

You said you felt the same way for me and that you'd

be mine
Forever
