So what now my friend  
Where do you go from here  
When will the dark days end  
And all the clouds clear  
Is it goodbye my friend  
I've see your fall and it's calling  
Got we by hidden tears  
That just keeps falling

Falling out of reach  
You can't prevent it  
You can't cause  
All wounds won't heal

So times have changed my friend  
Took a turn to the worst of worse  
Can't turn your head on fate  
Cause you can't unwind a curse  
Closed eyes won't kill thoughts  
Your fears the vivid dark  
Got wet by hidden tears that just  
Keeps falling

Falling out of reach  
You can't prevent it  
You can't cause  
All wounds won't heal  
Falling out of reach  
You can't break free from chains  
You can't cause all wounds won't heal no

They stretch greater and further  
Until there's nothing to conquer  
And all you do is watch then unfold

Falling out of reach  
You can't prevent it  
You can't cause  
All wounds won't heal  
Falling out of reach  
You can't break the chains

You can't cause  
All wounds won't heal
