Na-na-nahh-na, na-na-nahh-na, hey, hey,  
hey...goodbye! 2x  
Goodbye, goodbye it's over  
We're through  
It's done  
Our relationship is no longer one on one  
So I quit girl  
I don't need this  
I'm disgraced  
'cause in my face  
You spin  
I quit stepin' out wit another guy  
After givin' you my love I deserve to know why  
How long has this been going on  
How long have you been doin' me raw  
You thought I didn't know  
You thought I wouldn't go  
Well, that's why I'm makin' this song  
To say goodbye  
Na-na-nahh-na, na-na-nahh-na, hey, hey,  
hey...goodbye! 2x  
Pack your bags  
Get out of site  
I won't see you with a man on another night  
You try to play me like a fool  
But now you see you've been schooled  
By the e  
And it's plain to see  
You thought you had luck like a four-leaf clover  
Well, your luck just ran out  
Home girl it's over  
I hope you had a lot a fun  
Were you lyin' when you said I'm #1  
Well, I guess it don't matter  
It makes no difference  
I cought you wit' a smokin' gun  
Or so to speak  
Girl you a natural born sneak  
And the hand you delt me was really weak  
But that's alright, you won't see me cryin'  
  
I brush a girl off when I catch her lyin'

So when I toss you out  
Don't dare ask why  
Don't try to return wit' a tear in your eye  
That's just my way of sayin' goodbye...  
Na-na-nahh-na, na-na-nahh-na, hey, hey,  
hey...goodbye! 2x  
Using me  
Confusing me  
Inside you abusing me  
Wise up girl  
I ain't playin'  
You try to make it better by sayin' let's hit the hey  
And make love  
I know your loyal but I can't take the stress  
I don't need the termoil  
You told me that you love me  
But that's a lie  
You know that I care  
But I must say goodbye!  
Who is it you thinkin' about when we kissin'  
And when we all alone is it him you missin'  
I couldn't stand the feelin'  
When I see a man in my spot  
Next to you  
So what you want me to do  
Forget about it  
Like it never happened  
Turn the other cheek  
And wait to be slapped again  
Until you through with me  
But you will see  
I will be the first to say b-y-e  
So when I toss you out  
Don't dare ask why  
It's just my way of sayin' goodbye!
