Look at how she moves  
Look at how she sways  
Standing in her pumps and her lingerie  
Come on (... talle boo?) parlez-vous francais  
Don't know how to act, don't know what to say  
Need a genie and a wish in the very worst way  
This type of issue happens everyday  
Tell her I love how I feel, it's so for real  
So genuine, it's so sublime  
Baby workin' it putting on a show for me  
Standing over me, I smell peauperie  
Take it any place that you wanna go with me  
Just come talk to me like (Joe Dessy)  
Got pain in my heart never goes away  
Baby girl do you really wanna feel it  
You got a lot at stake and a promise to make  
And a kiss from your lips could seal it

I'll be there for you babe  
I'll be the one that you need  
I'll be the man that will love you  
I'll be there for you babe

Another loose nut pain in your gut  
Relationship gone down  
In a battle of booze you manifest your blues  
Put on your face and hit the town  
Now that skin tight dress baby might impress the kind  
of man that you might  
Not like  
First time up with no luck and confusion  
Got you gambling with just one strike  
You need more than conversation and introduction  
calls  
You need someone to catch you when you fall  
You fly like an eagle when you fight  
Cause you're on my mind

I'll be there for you babe  
I'll be the one that you need  
I'll be the man that will love you

I'll be there for you babe

Look at how she sways  
Look at how she moves  
Time to show him who don't disturb the groove  
She's got hazel eyes and hair that's gold  
An amazing heart and an angel soul  
She used to be a sinner, but now she's saved  
She's well respected and she's well behaved  
Her fuse is short, her legs are long  
Her temper's mean, her will is strong  
Her love's so real, her love's so deep  
Her love's so true, it's so hard to keep  
Her scent is sweet, her beauty is real  
When we walk down the street people stop and stare  
She's so damn smart, she's one of a kind  
She's a work of art, she's a priceless wine  
She's a drama queen, she's a friend of mine  
She's every man's dream and she's mine, all mine

I'll be there for you babe  
I'll be the one that you need  
I'll be the man that will love you  
I'll be there for you babe
