Too much time thinking about all of my mistakes
My heart, my mind, my soul, my body aches
A hunger for, the loving arms of your embrace
I walk a long and lonely road

I walk along the lonely road
My back is strong, girl
I'll carry the load
I'm on the grind in time I'll pay the debt that's owed
I walk along and lonely road

Too much time thinking about everything that went
wrong
I cry my eyes out every time I hear your song
I hope this path brings me back where I belong
I walk a long and lonely road

I walk a long and lonely road
My back is strong, girl
I'll carry the load
I'm on the grind in time I'll pay the debt that's owed

I walk a long and lonely road

Too much pride, for me to up and take the blame
Deep inside girl it's killing me with pain
Every night, I sleep I call your name
I walk a long and lonely road

I walk a long and lonely road
My back is strong girl
I'll carry the load
I'm on the grind in time I'll pay the debt that's owed
I walk a long and lonely road
I walk a long and lonely road
My back is strong girl
I carry the load
I'm on the grind in time I'll pay the debt that's owed
I walk a long and lonely road
I walk a long and lonely road
I walk a long and lonely road
