Everlast Lyrics

Pain

Somewhere between the lies and truths, borderlines
get shady.
Somewhere between the yeses and nos you can find a
maybe.
Somewhere between the highs and lows you can spot
the middle.
Somewhere between the questions and clues you can
solve the riddle
Somewhere along the road you might need a place to
stay.
Somewhere along the line you're gonna have to pass
away.
And somewhere in space you still remind me of a
reason.
And summertime you still smell like my favorite
season.

Chorus:

And it feels like pain
It's just like pain
Love is like pain
Some people like pain

Somewhere between the mountain and sea a river is
flowing
Somewhere between the earth and the sky, the winds
of change are blowing
Somewhere between the two of us a space is growing
Somewhere between suspicion and trust are the things
worth knowing.

Somewhere along the road you might want to hitch a
ride
Somewhere along the line you're gonna have to
swallow your pride
Somewhere inside you still remind me of a feeling
Somewhere deeper still are wounds that are not
healing.

Chorus

Put your nails in my hand.Pain
Fill my eyes up with sandPain
Papercuts on my tonguePain
We're right now where we begunPain

Somehow I only hurt the ones who really mattered
Somehow she played her role although her soul was
battered
Someday soon I know my ashes will be scattered
Someday soon I know my former becomes latter
