One time around the block
Two times around the clock
Three times, don't cross the little lady (lady)

So pretty and, oh, so bold
Got a heart full of gold on a lonely road
She said, "I don't even think that God can save me"
(save me)

(Am I) gainin' ground
(Am I) losin' faith
(Have I) lost and found my saving grace
Thankful for the gift my angels gave me

Born alone, we die alone
'n' I'm just sittin' here by the phone
Waitin' for the Lord to send my callin'

Street wise from the boulevard
Jesus only knows that she tries too hard
She's only tryin' to keep the sky from fallin'

Any man who says it's Heaven and Hell
Prob'ly got somethin' useless to sell
You ask me if I'm saved, but what's it to ya?
Blow a quarter, cop another eight
You're runnin' out of high, you're losin' your faith
Throw your hands up and scream, "Hallelujah"

Hallelujah, Hallelujah
Hallelujah, Hallelujah
Amen

One time around the sun
Another year older and my work ain't done
It's time for me to write the final chapter (chapter)

Deal the cards and roll the dice
Sex, drugs and rock 'n' roll are my only vice
Tryin' to figure out just what's here after (here after)

Hallelujah, Hallelujah

Hallelujah, Hallelujah
Hallelujah, Hallelujah
Amen
