

Everlife "Goodbye"

I'm better off
Just pretending like I never really knew you
I gotta stop
Holding hands with the memory I'm feeling
I gotta say
Something's different 'bout the way I see you lately
You feel the same
I can see it in your eyes I think it's changing
The blame won't fall on either side

Can you feel it breaking into pieces underneath?
Someone's gotta say it
It might as well be me
Goodbye
It wasn't right this time
Goodbye

We should've known
There was always something that we were missing
I'm letting go of this
Even though it's hard, I know it's the best thing
Good intentions fall
There's nowhere to hide

Can you feel it breaking into pieces underneath?
Someone's gotta say it
It might as well be me
Goodbye

It wasn't right this time
Goodbye

I don't want to tell you
What I have to say
We don't have to be sorry
It just worked out this way
I don't want to, but I have to
I don't want to
I don't want to, but I have to
I don't want to
I don't want to, but I have to
I don't want to

Can you feel it breaking into pieces underneath?
Someone's gotta say it
It might as well be me
Goodbye (I don't wanna say)
Goodbye
Goodbye

It wasn't right this time
Goodbye
It wasn't right
Goodbye
