

## Everlife "Static"

Visit "[Static](#)" on [MotoLyrics.com](http://MotoLyrics.com)

It was all so crystal clear  
Words like music in my ear  
We had it goin' on,  
But something's wrong  
Something's changed  
Cause when I'm with you these days  
You feel a million miles away  
Connections not so strong  
what's goin' on,  
What's going on!

Cause everytime I try to talk to you  
I end up feeling so confused  
Like you can't hear a word I'm saying  
When I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
It's so tragic  
I feel static between us.

You turn your back then you take my hand  
It's getting hard to understand  
Is it you? Is it me?  
Is it time or space you need  
When you're here you're not around  
Communication breaking down  
If I say good-bye to you  
Will I get through,  
Will I get through?

Cause everytime I try to talk to you  
I end up feeling so confused  
Like you can't hear a word I'm saying

When I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
It's so tragic  
I feel static between us.

Feelings fading in and out  
Tell me what do we do now

Hold it tight or let it go  
Oh I don't know  
Hello are you really there?  
Or have you disappeared?  
Oh I can't tell  
It's like I'm talking to myself!

Cause everytime I try to talk to you  
I end up feeling so confused  
Like you can't here a word I'm saying!

When I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
It's so tragic  
I feel static  
Ohhhh..

Cause everytime I try to talk to you  
I end up feeling so confused  
Like you can't hear a word I'm saying  
When I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
It's so tragic  
I feel static..
