it's hard to find love,
that's not complicated
it's hard to see life,
when we all seem so jaded
i don't know, you don't know
why can't i find a way to show you now

it's hard for me to smile,
when i get so frustrated
the walls to your heart,
they're locked and they're gated
i don't know, you don't know
i wanna find a place to go where you are.

i've been up, i've been down
you know my smile, you know my frown.
i just love when you're around
i wanna be
i wanna be
i wanna be
where you are

i'm walking around
and i don't hear a sound
except for the memory of a love that i found
i wanna see what you see
do you know what we could be

even in the dark
i'll take your hand
i see down this road
that ends where you stand
i will know, you will know
you've given a place to go
where you are

i've been up, i've been down
you know my smile, you know my frown.
i just love when you're around
i wanna be
i wanna be
i wanna be

where you are

i'll give you my thoughts that i've held for so long
scared to let go
what if i'm wrong
i sit here tonight
i don't care if i'm right
i just wanna be where you are

i've been up, i've been down
you know my smile, you know my frown.
i just love when you're around
i wanna be
i wanna be
i wanna be
where you are

i've been up, i've been down
you know my smile, you know my frown.
i just love when you're around
i wanna be
i wanna be
i wanna be
i wanna be
i wanna be
where you are
where you are
