It's hard to find love,  
It's not complicated  
It's hard to see life,  
When we all seem so jaded  
I don't know, you don't know  
Why can't I find a way to show you now

It's hard for me to smile,  
When I get so frustrated  
The walls to your heart,  
They're locked and they're gated  
I don't know, you don't know  
I wanna find a place to go where you are.

I've been up, I've been down  
You know my smile, you know my frown.  
I just love when you're around  
I wanna be  
I wanna be  
I wanna be  
Where you are

I'm walking around  
And I don't hear a sound  
Except for the memory of love that I found  
I wanna see what you see  
Do you know what we could be

Even in the dark  
I'll take your hand  
I see down this road  
It ends where you stand  
I won't know, you won't know  
You've given a place to go  
Where you are  
I've been up, I've been down  
You know my smile, you know my frown.  
I just love when you're around  
I wanna be  
I wanna be  
I wanna be  
Where you are

I'll give you my thoughts that I've had for so long  
Scared to let go  
What if I'm wrong  
I sit here tonight  
I don't care if I'm right  
I just wanna be where you are

I've been up, I've been down  
You know my smile, you know my frown.  
I just love when you're around  
I wanna be  
I wanna be  
I wanna be  
Where you are

I've been up, I've been down  
You know my smile, you know my frown.  
I just love when you're around  
I wanna be  
I wanna be  
I wanna be  
I wanna be  
I wanna be  
Where you are  
Where you are
