I will not sleep well tonight
(I will not sleep well tonight)
I will not be fine when the morning brings the dreaded
light
I will kiss the lips that say goodbye
(I will kiss your lips)
Clinging to the comfort of my God on high

I will not be moved by and by
(I will not be moved by and by)
I am not ashamed of the battle though my eyes may
cry
I will kiss the lips that bid farewell
(I will kiss your lips)
As you march to the sound of the Mission Bell

Oh the glimmer of the light along the water
And the sound of the children on the shore
Oh the sweet fields of gold beneath the big blue sky
Let it be
Home is me
You are mine

Life is moving on day by day
(Life is moving on day by day)
Friendship overflowing but to me you cannot be
replaced
I will hold you tight in my dreams
(I will hold you tight)
Though you're gone, you're not as distance as it seems

Oh the glimmer of the light along the water
And the sound of the children on the shore
Oh the sweet fields of gold beneath the big blue sky
Let it be
Home is me
You are mine

Oh the purple mountain's majesty is calling
And the northern lights still dance above the snow
Yes Amazing Grace is still the fire beneath this life
Let it be

Home is me
You are mine

Let it be
Home is me
You are mine

Let it be
Home is me
And you are mine
