Physical partical  
Synical political  
Spiritual ritual  
Chemical miracle

My friends, how do you feel  
(Fellin alright)  
Well you could always feel a little bit better

Physical partical  
Synical political  
Spiritual ritual  
Chemical miracle

Do you feel a little dizzy?  
(Yes, a little dizzy)  
Feel a little tired?  
(I guess, a little tired)  
This will make you feel better  
Really feel better tonight  
It's called Truthogen  
It's called Truthogen  
Oh

It's called Truthogen  
And it's your new best friend  
Physical partical  
Synical political  
Spiritual ritual  
Chemical miracle  
Physical partical  
Synical political  
Spiritual ritual  
Chemical miracle  
Ah, ah, ah, ah  
Ah, ah, ah, ah  
Ah, ah, ah, ah  
Ah, ah, ah, ah  
Ah, ah, ah, ah

Tonight, no rush of guilt  
As it all comes unspun

Tell me where did you go?  
You said life just seems too slow  
Just the voices tell me to go faster

Just a little faster, just a little faster  
Just a little faster, just a little faster  
Just a little faster, just a little faster  
Just a little faster, just a little faster  
And the faster I go  
Never, never, never seemed so slow  
And the faster I go  
Never seemed, never seemed so slow  
Never seemed so

Everything I've ever seen  
And all the places I have been  
Flashing back like images on screen
