"FALLING AWAY"

by Hugh Wilson and Lindsay Jehan

I'm falling away
I'm falling away with you

We can't always say
In the cold light of day what's through

Time will heal your wounds
I'll see you through

I thought we'd create
hearts in a sea of Blue
We'd give and not take
I said I believed in you

But I'm falling away
I'm falling away with you
Time will heal your wounds
I'll see you through
Your eyes may fade from view
I'll see you through..

I'm torn at the seams
It pains me to breathe
You think that you're not needed
But I feel your pain, it's always the same
But let's not feed it
You're here in my soul
I want you to know
I'll never leave

There's nothing to say
No more charades for fools
I came here to stay
I'm falling away with you
I'm falling away
I'm falling away with you..

Time will heal your wounds
I'll see you through

Your eyes may fade from view
I'll see you through
Time will heal your wounds
I'll see you through
I'm falling away
I'm falling away with you
I'm falling away
