

## Evermore "Into The Ocean"

Visit "[Into The Ocean](#)" on MotoLyrics.com

I fall into the ocean, I fly into the sky  
All my broken emotion is slowly drifting by  
The further I go into myself  
The more that I find, I need someone else

I am falling  
I am calling you  
I am

Awake in my bedroom, my head and my heart  
You are above and within me, and I know we'll never  
part  
The further I go into myself  
The more that I find, I need someone else

I am falling  
I am calling you  
I am falling  
I am calling you  
Calling you
