"Underground"

Goin' down to the underground
17 blocks away
Goin' down to the underground

Street lights, road signs
So much in the back of my mind
Last night's trash on the road
Your lost, shoe marks
Listen close but don't be shocked
This is about to explode
C'mon, there's a place you can go, yeah

Goin' down to the underground
17 blocks away
Goin' down to the underground
You don't wanna get in the way
Leavin' the daylight behind
Way down where nobody can find

I hesitate, I set straight
Into the eyes of fate
Strange faces passin' me by
The night rains down the drain
I hear the echo of the midnight train
Under the weight of the sky
It's what we do to get by, yeah

Goin' down to the underground
17 blocks away
Goin' down to the underground
You don't wanna get in the way
Leavin' the daylight behind
Way down where nobody can find

Goin' down to the underground
Goin' down to get away
Goin' down [x7]

Goin' down to the underground
17 blocks away

Goin' down to the underground
You don't wanna get in the way
Leavin' the daylight behind
Way down where nobody can find

Goin' down to the underground
Down, down, so we can all get away
Way down to the underground
Down, down, so we can all get away, yeah
Goin' down to the underground
Down, down, so we can all get away
