Maybe, maybe  
Maybe, maybe, yeah  
Maybe, maybe

Maybe you are leaving  
Or maybe you're just lonely  
Cause I know that something  
Something is the matter  
'Cause I see  
The danger in your eyes  
Telling me, oh Lord,  
Something's gonna be, yeah

Tell me what's the matter  
Have you found another  
'Cause I've got to go back  
To my dear old mother  
'Cause I see the  
The danger in your eyes  
Telling me, oh Lord,  
Something's gonna be  
Loving you and beeing with you  
That's how I know  
So don't you try to tell I man  
That is not so  
Darling I'm not blind  
What is on your mind  
It's been so many times  
What is on your mind

Maybe, maybe  
Maybe, maybe

Maybe you are leaving  
Or maybe you're just lonely  
Cause I know that something  
Something is the matter  
'Cause I see  
The danger in your eyes  
Telling me, oh Lord,  
Something's gonna be

Tell me what's the matter  
Have you found another  
'Cause I've got to go back  
To my dear old mother  
'Cause I see the  
The danger in your eyes  
Telling me, oh Lord,  
Something's gonna be, yeah
