False words are spoken

With twisted tongue

The truth is mistaken

Lies are told to the young

From country to country

Cities ti cities

They tried to do us harm

But they can't stop Jah Jah storm

Stand firm with your pride

With nothing to hide

Our aim, our destiny

Is to be free

Chorus:

Talk them a talk

A run up them mouth

Yes we know

Them must change them route

Talk them a talk

A run up them mouth

Babylon you must change your route

For the hungry man food

Is the blessing of Jah Jah

For the man who hungers for the truth

Jah Jah is the only proof

From east west north and south

Lucifer we must get you out

Talk them a talk

A run up them mouth

Lucifer we must get you out

Talk them a talk

A run up them mouth

Yes we know them soon change them route

False words are spoken

With twisted tongue

The truth is mistaken

Lies are told to the young

Stand firm with your pride

With nothing to hide

They're wasting their time

Make them go on them a go stay behind

Watching people's business

When fi them own a spoil

Talk them a talk

A run up them mouth

Lucifer we must get you out

Talk them a talk

A run up them mouth

Yes we know we'll soon get them out

False words are spoken

With twisted tongue

The truth is mistaken

Lies are told to the young

Stand firm with your pride

With nothing to hide

Our aim, our destiny

Is to be free

From Babylon mentality

And brutality

Yes I will love my enemies

Because they show me my weakness

Talk them a talk

A run up them mouth

Yes we know them soon change them route

Talk them a talk

A run up them mouth

Lucifer we must get you out
