Look at your hands
Very carefully now
Know what have they done
More evil or good
Is it a hand of only
Getting through lies and trickery
And would withhold
See in a life perish
Is not these hands (4x)
It is a thought
That is left behind
Still in my mind
Stuck in my brain
As these hand build school
For children to learn laugh and play
Did these hands help to build roads
To refuge the poor and fatherless
I want to know
I really want to know
I really want to know
I really want to know, yes
Did these hands make deeds
For good in the future or make evil
To lead the us to destruction
These hands, these hands
I want to know
I really want to know
I really want to know
I really want to know, yes
Look at your hands
Very carefully now
Know what have they done
More evil or good
Is it a hand of only
Getting through lies and trickery
And would withhold
See in a life perish
Is not these hands (4x)
It is a thought
That is left behind
Still in my mind

Stuck in my brain
Did these hands make deeds
For good in the future or make evil
To lead the us to destruction
These hands, these hands
I want to know
I really want to know
I really want to know
I really want to know, yes
