You, you always point the finger at me
Like it's just so easy
I, I know it hurts sometimes
But I haven't been myself lately

I, I'm getting out
Won't take it anymore
Now, I'm getting out
Future's at my door

I'm sick of being told what to do
Like it's never good enough for you
I never said that this would be easy
But I don't think you were listening

I'm getting down to the point that you led me to
Get it off my chest, mm, just to listen now
I'm not gonna take it anymore

I, I'm getting out
Won't take it anymore
Now, I'm getting out

Future's at my door

I'm getting down to the point that you led me to
Get it off my chest, mm, just to listen now (gotta get out)

I'm getting down to the point that you led me to
Get it off my chest, mm, just to listen now (gotta get out of here)

I'm getting down to the point that you led me to (good-bye, I'm so out of here)
Get it off my chest, mm, just to listen now

I, I'm getting out
I, I'm getting out

I, I'm getting out
Won't take it anymore
Now, I'm getting out
Future's at my door
