What can you do with a girl like that?
Taking everything, giving nothing back
Stuck between her legs when she sets her trap
What can you do with a girl like that?

She's knows what she's doing
Standing there with her headphones in
Skinny jeans and a tattoo
Her smile makes me wonder where she's been

I would make a move
If I thought there was a chance she'd let me in

What can you do with a girl like that?
Taking everything, giving nothing back
Stuck between her legs when she sets her trap
What can you do with a girl like that?

I can't wait for the weekend
Downtown where we all sneak in
Everybody's trying to get some
She takes a drink and then she laughs at them

I get close but I move slow
Watching her as she works the room
Does she see me?
Does she know I wear my confidence like a costume?

I would make a move
If I thought there was a chance she'd let me in

What can you do with a girl like that?
Taking everything, giving nothing back
Stuck between her legs when she sets her trap
What can you do with a girl like that?

It's like a curse that's she's put on me
Sweaty hands, shaking knees
Tell her that I want her to move too fast
That's what you do with a girl like that
A girl like that, a girl like that

I think it could be me she's looking at
And that's a smile I see
So now I know that I can make a move
'Cause I think there is a chance she'll let me in

What can you do with a girl like that?
Taking everything, giving nothing back
Stuck between her legs when she sets her trap
What can you do with a girl like that?

It's like a curse that's she's put on me
Sweaty hands, shaking knees
Tell her that I want her to move too fast
That's what you do with a girl like that
That's what you do with a girl like that
A girl like that, a girl like that
