Tonight, you're mine
I wanna shake it
Your eyes can't lie
No you can't fake it

Tonight, you're mine
I wanna shake it
Your eyes can't lie
No you can't fake it

This is everything that I wanted tonight

So come on, whoa
I've got no one, whoa
No one but you
Yeah, whoa
Yeah, I've got no one (I've got no one)
No one but you

I want your heart
So I can break it
I want to be inside your world
With no escaping

This is everything that I wanted tonight, yeah

So come on, whoa
I've got no one, whoa
No one but you

Yeah, whoa
Yeah, I've got no one (I've got no one)

Don't stop, we're just getting started
Don't talk, I know you want it
I'm gonna get what I want
You'll get what you want
We're just getting started

Don't stop, we're just getting started
Don't talk, I know you want it
I'm gonna get what I want

You'll get what you want
We're just getting started

So come on, whoa
I've got no one, whoa
No one but you (no one but you)
Whoa, yeah, I've got no one (I've got no one)
I've got no one
I've got no one (yeah)
No one but you
