Picture perfect  
That's what it seems  
They've got this whole thing figured out  
But not me  
We'll leave this place behind  
Doesn't that feel right?  
Picture perfect, it's picture perfect

Through the fire  
Through the smoke and the flames  
In my reflection in the window  
Match in hand, and I'm running

Everyone's screaming, "You're never gonna get there"  
Waking up shaking feels much better  
And everyone's saying, "Shape up and get a life"  
If nothing goes wrong, then how will it feel right?  
Picture perfect doesn't mean much to me

Is it true what they're saying  
I gotta settle down in place just like the rest?  
Living the dream, is this what it feels like?  
Picture perfect  
It's picture perfect

The days are fading  
Like they're one in the same  
I point the finger  
And it shows me I'm to blame  
And I'm running

Everyone's screaming, "You're never gonna get there"  
Waking up shaking feels much better  
And everyone's saying, "Shape up and get a life"  
If nothing goes wrong, then how will it feel right?  
Picture perfect doesn't mean much  
Picture perfect doesn't mean much to me

I've had enough time to figure this out  
But I can't believe that I waited this long  
I've seen the truth in another light  
This is everything I never wanted to be

Wake up, shape up  
You're never gonna get there  
If nothing goes wrong, then how would it feel right?  
Wake up, shape up  
You're never gonna get there  
It's picture perfect, it's picture perfect

Everyone's screaming, "You're never gonna get there"  
Waking up shaking feels much better  
And everyone's saying, "Shape up and get a life"  
If nothing goes wrong, then how will it feel right?

Everyone's screaming, "You're never gonna get there"  
Waking up shaking feels much better  
And everyone's saying, "Shape up and get a life"  
If nothing goes wrong, then how will it feel right?  
Picture perfect doesn't mean  
Picture perfect doesn't mean much to me  
Picture perfect doesn't mean much to me
