Looking around for more excuses  
Spinning my head around again  
I'm getting used to feeling useless  
Pacing the cage you keep me in

I'll be here in pieces  
When you finally pull the pin  
And blow me away  
Tie me down and fuck me up tonight  
Rip my heart out  
Hurt me good before you say goodbye  
Lets do this right now  
Lead me on to get you off  
And watch me come undone  
Tie me down and fuck me up  
Baby rip my heart out

You told me "Boy don't get addicted  
I'm like a drug thats hard to find  
You hit a vein and I can't kick it  
I wanna be on you all the time

I'll be here in pieces  
When you finally pull the pin  
And blow me away  
Tie me down and fuck me up tonight  
Rip my heart out  
Hurt me good before you say goodbye  
Lets do this right now  
Lead me on to get you off  
And watch me come undone  
Tie me down and fuck me up  
Baby rip my heart out

I keep on going down  
You hold me there  
And then spit me out  
Why do i do this to myself

Tie me down and fuck me up  
Baby rip my heart out  
Hurt me good before you say goodbye

Lets do this right now  
Lead me on to get you off  
And watch me come undone  
And tie me down and fuck me up  
Baby rip my heart out
