

Every Little Thing "Country Road"

Visit "[Country Road](#)" on MotoLyrics.com

Your so nervous it's the way that I know
The Heat's so high I wanna faint now
You've found another girl it's there in your look
Your lips motion the words like a play

I want you all the same
But I watch you walk away

'll let you go
But I'll remember those days
I'll let you go
When I want you to stay
I'll let you go
And hold these feelings so tight
Instead of saying won't you stay
In spite of all
I really feel inside
I'll say goodbye

Yeah

Your so wide eyed I feel sad I'm so low
To see those tears on your face now
I say 'be happy' but I mean no don't go
Was it pride I didn't stand in your way

I want you all the same
But I watch you walk away

'll let you go
But I'll remember those days
I'll let you go
When I want you to stay
I'll let you go
And hold these feelings so tight
Instead of saying won't you stay
In spite of all
I really feel inside
I'll say goodbye

'll let you go

But I'll remember those days
I'll let you go
When I want you to stay
I'll let you go
And hold these feelings so tight
Instead of saying won't you stay
In spite of all
I really feel inside
I'll say goodbye

I'll say goodbye
oh I'll say goodbye
say goodbye
say goodbye
I know
Who's gonna buy a lie
Who's gonna buy a lie
Not I
