Finally I figured out
But it took a long, long time
Now there's a turnabout
Made because I'm trying
There's been times
(I'm so confused)
Down my road
(When I leave you)
I just can't turn and walk away

It's hard to say what it is I see in you
Wonder if I'll always be with you
Words can't say it
I can't do it
Not to prove it's all for you

I thought I'd seen it all
'Cause it's been a long, long time
Oh, but then I'd trip and fall
Wondering if I'm alive
There's been times
(I'm so confused)
Down my road
(When I leave you)
I just can't turn and walk away

It's hard to say what it is I see in you
Wonder if I'll always be with you
Words can't say it
I can't do it
Not to prove it's all for you

Rain comes pouring down
Falling from blue skies
Words without a sound
Coming from your eyes

Finally I figured out
But it took a long, long time
Now there's a turnabout
Made because I'm trying
There's been times

(I'm so confused)
Down my road
(When I leave you)
I just can't turn and walk away
It's hard to say what it is I see in you
Wonder if I'll always be with you
Words can't say it
I can't do it
Not to prove it's all for you

It's hard to say what it is I see in you
Wonder if I'll always be with you
Words can't say it
I can't do it
Not to prove it's all for you
