I said "I love you"  
She began to cry  
She said she needed a friend  
I said "I'll try"  
Soon we'd say nothing  
Somehow I never wondered why

You see, she left me  
She left me  
I'm alone  
I'm alone  
I'm alone  
I'm alone

I'd loved her always  
She didn't know  
I tried patience  
Let a friendship grow  
I tried to keep her  
That's what made her go

You see, she left me  
She left me  
I'm alone  
I'm alone  
I'm alone  
I'm alone

Beauty and the beast  
Was how it seemed to be  
A love like hers  
Ain't meant for guys like me  
Some call me crazy  
Some politely call me free

You see, she left me  
She left me  
I'm alone  
I'm alone  
So alone  
Alone

I'm trying to forget you but it just won't work  
Think I'm losing my mind, think I'm going berserk  
I love you with a passion that you just don't know  
And I kinda wish right now that I was telling you so

I could rant, rave, or play some little game  
But when I look into your eyes, it all seems the same  
That you weren't meant for me and that's a sad but  
true fact  
Now I don't care how I look and don't care how I act  
'Cause you set me free, I'm a man among men  
But when I think of what I missed it starts all again

Now alone in the darkness of each new day  
My heart is on its own  
I wanna rip it from my chest and throw it away  
Watch this bass man take me home

I guess some day  
Love will soon be here  
And maybe then  
I'll see things more clear  
I guess I got excited  
'Cause it felt so near

And you see, she left me  
She left me  
I'm alone  
I'm alone  
I'm alone  
I'm alone

But I know I'd give my life  
Just to hold her now  
And who knows  
I might see her around  
Hopes can always go up  
Tears can only come down

You see, she left me  
She left me  
I'm alone  
I'm alone  
I'm alone  
I'm alone  
Alone, alone, alone

I'm alone  
I'm alone  
I'm alone  
I'm alone

I'm alone  
I'm alone

I'm alone  
I'm alone  
My heart's alone
