Hail to you, my mountain climber, busy at your task
I know you're in a hurry but there's something I must
ask

Do you ever get lonely climbing up so high?
If you don't want to answer me, I can understand why

If I told you a secret
Would you want to know more?
I've got a challenge
I hope you won't ignore

Conquer me, figure me out and set me free
I've got a hundred million things to show you
As many more to see
But only if you conquer me

Sometimes I get this precious view
And the grand scheme shows its face
When all is in harmony, it can be such a lovely place
The melody is sad and sweet and that dance I do is fun
Yes, I love this precious view but I'm starin' at the sun

For as pretty the picture
I share this view alone
Will anyone stoop to grasp
This gauntlet I have thrown

Conquer me, figure me out and set me free
I've got a hundred million things to show you
As many more to see
But only if you conquer me

Hail to all you mountain climbers, all you dreamers on
the run
I'm your self appointed solicitor but now I speak to only
one
Whoever she is now, whoever she'll become
I'd like to ask her to hurry please and if she's walking,
could she run

It's not my impatience
Though perhaps just there I lied

It's just I'm feeling invincible
And it has me terrified

Conquer me, yeah
Figure me out and set me free, yeah
Conquer me, yeah
Figure me out and set me free, set me free
Yeah, yeah, yeah, yeah, yeah
