I wanna show you
That anything is possible
I said, I wanna show you
That your wildest dreams can come true

And I swear someday
I'm gonna figure out how to do just that
But until then
I guess tryin' is all I can do

I said, maybe you're wrong thinking
You want something better, hey
I said, maybe you're wrong thinking
You got no problem makin' it through the night

And I said maybe, I'm wrong about
Every little thing I'm talking about
I said, maybe I'm wrong
But just maybe, maybe I'm right

No, it's none of my business
But I think I can make you happy
But it really doesn't matter
If it's me or it's someone else

All that I know is
That I think you're kinda special
And one way or another I'm gonna see
That I treat you well

I said, maybe, you're wrong thinking
You want something better, oh
I said maybe, I'm wrong thinking
You got no problem makin' it through the night

And I said, maybe I'm wrong about
Every little thing I'm talking about
I said, maybe I'm wrong
But just maybe, maybe I'm right

You seem to think
That lady luck just doesn't like you

Well, I've been tryin' to believe
That the lady just ain't that dumb

Mmm, just give her time to get here
And I'm sure that when she gets here
She'll be really glad to be here
When she comes

Oh maybe, you're wrong thinking
You want something better, oh
See maybe, I'm wrong thinking
You got no problem makin' it through the night

Said, maybe I'm wrong about
Every little thing I'm talking about
So maybe, I'm wrong
But just maybe, maybe I'm right
