Music & lyrics: john popper

I wonder if she cried  
I wonder what she said  
I wonder if I'll ever know  
What was going through her head  
Was it a shock  
Was it a surprise  
What was going on  
Behind those princeton eyes

Those beautiful princeton eyes  
Those goddamn princeton eyes

Years of isolation  
Have finally set you free  
Luck and relocation  
Showed me how I'm supposed to be  
There's something in a memory  
Something in disguise  
Something I just could not see  
Blinded by those princeton eyes

Those beautiful princeton eyes  
Those goddamn princeton eyes  
Dreams and success  
Don't have to be the same  
But no need to let your bridges burn  
Everything is easy  
Just play the silly game  
One way or another  
What better place to learn

I guess you know I'm leaving  
And sadly say good bye  
As sad as it may be, though  
I'm finding it hard to cry  
I almost believed you  
Almost bought your pack of lies  
I guess I was just taken in  
By those beautiful princeton eyes

Those beautiful princeton eyes  
Those goddamn princeton eyes

Those goddamn princeton eyes  
Those goddamn princeton eyes
