The sun began to get busy
Trying to find the way
The storm was upping the ante
It was time to make a play
He was sure his plan was perfect
He was sure he would win
All he needed was a woman's heart
To let the magic in
He could force the seduction
By simply using heat
But the bet was for love to win
And there was no good way to cheat
So he would have to go find some
And grow it like a seed
But with his illumination
A spark was all he'd need
He said,

"i'll put the light in her eyes
I'll make the moon want to shine like she does
He won't resist the warmth I give her
Even if he tries
I'll put the light in her eyes"

Sure enough there was a prospect
By the name of maiden fair
A true friend of r. hero
She really seemed to care
And with feelings unnoticed
By either he or she
[mumble mumble] play
And sun giggled with glee
"yeah I'm the catalyst of nature
And I make the world go round
All I have to do is shine upon her
Whenever he's around
And this love will grow stronger
Than any dream could be
And the heavens will know at last
Who will rule all destiny - that's me
Because

I'll put the light in her eyes
I'll make the moon want to shine like she does
He won't resist the warmth I give her
Even if he tries
I'll put the light in her eyes

I'll put the light in her eyes
I'll make the moon want to shine like she does
He won't resist the warmth I give her
Even if he tries
I'll put the light in her eyes

I'll put the light in her eyes
I'll make the moon want to shine like she does
He won't resist the warmth I give her
Even if he tries
I'll put the light in her eyes

I'll put the light in her eyes"
