Sway with me for one more dance
And holding me closely, meet my eyes
And I would ask for nothing more

I'm asking for another chance
To my own infinite surprise
I've never moved like this before

It only remains to say I love you
And I suppose I always will
And though I walk away as I replay my better days
I'll not betray what time can't heal or kill

A single instant of reprieve
I am no longer resembling
The man I was, I'm the man you see

Try to exhale in my relief
But I am also trembling
You brought the best hope out of me

It only remains to say I love you
And I suppose I always will
And though I walk away as I replay my better days
I'll not betray what time can't heal or kill

Gently I stumble
To the music as it strums
The heavens all crumble
'Neath this moment we've become

My heart keeps calling me
Closer and stalling me
Catch me I'm falling
Though the dancing's long since done

If I'm in trouble, if I'm alone
If I'm a runaway, don't send me home
I want to be with you

If I saw you now, would nothing change?
Tell me to grow up or act my age

Like I always do

Maybe surrender another chance
Or only give me just one more dance

It only remains to say I love you
And I suppose I always will
And though I walked away as I replay my better days
I'll not betray what time can't heal or kill

It only remains to say I love you
And I suppose I always will
And though I walk away as I replay my better days
I'll not betray what time can't heal or kill
I'll not betray what time can't heal or kill
