Music & lyrics: john popper

What about the time  
When you seemed to need a friend  
Not to be your champion  
At least I could pretend  
And it took so long to know you  
For me to finally see  
In the midst of my confusion  
When I tried to rescue you  
You rescued me  
You rescued me  
You rescued me  
You rescued me  
You rescued me

I don't think me too conceited  
But I didn't think you could  
Or maybe just too used to solitude  
Do you think anybody would  
You welcomed me completely  
Smiled at what was inside  
When the game of hide and seek was over  
And to my sweet surprise  
I didn't need to hide  
And you rescued me  
You rescued me  
You rescued me  
You rescued me  
I could tell you how you're beautiful  
In every way that I know  
Or admit how much I need you  
How I need you not to go  
But for me these things are difficult  
Still battling with my pride  
But there is some cause for hoping  
Because though the battle isn't over  
At least just now I tried  
And you rescued me  
You rescued me  
You rescued me  
You rescued me

And I ask you to be patient  
These things are hard for me to say  
And thought it took so long to stay please, don't go  
away  
If only, but if only, my face is turning red  
Ah screw it, here goes nothing  
I love you, I love you  
And if now I'm feeling free  
It's only because you rescued me  
And you rescued me  
You rescued me  
You rescued me  
You rescued me
