You got me right where you wanted me
So what do we do if I can't hold the pose for too long?
Do we sh-sh-sh-shoot again
Or does the whole operation shut down?
And we go back to the board

I practiced all my lines oh yeah
I'd feed every child in the world
But it's a one night stand, baby
We gotta keep on
If you got it all then you got it right

I'm gonna do what you say and get way out of the line
Nobody gonna stop me now
It's not how it looks unless you saw nothing
We all, agree, this proposal been sentenced to death

Are we baiting the right hook to get your attention?
The media needs another blackout
We've been calling flooding hot lines

We've applied mascara to the radio
We gots a quick fix and we need a little more, a little
more
Does it matter to you at all?
Are you listening or have you tuned out?

We g-g-g-gotta, gotta get it together
F-f-f-first we drink you and take it all apart
'Cuz everywhere we go
We're the local boys and we're back in town
Well that's just the way it is and it breaks my heart

We've applied mascara to the radio
We gots a quick fix and we need a little more, a little
more
Does it matter to you at all?
Are you listening or have you tuned out?

Get by
Get gone
Get high

G-g-g-get wronged
