On the first day of forever, Iâ'd spend it with you  
If Iâ'm worth what I reckon, I guess you knew  
I never said donâ't go  
Iâ'd stand in your courtyards both day and night  
And ask for forgiveness for my life  
Iâ'd never let you down

Which way do you turn  
I used to be one of you  
Which way do you turn  
Iâ'd gladly die for you

You said donâ't, donâ't I said donâ't you go  
You said donâ't, you promised, you said donâ't go  
You said donâ't, donâ't I said donâ't you go

You said donâ't, you promised, you said donâ't go

The lights of the city burn in your eyes  
And Iâ'd gladly trade forever for one more night  
I never sang to you  
And you said it would be ok but you must have lied  
Cause it hurt like forever that night  
I never said that I know

And I wished on forever but came up denied  
And I swear itâ's the truth girl I tried  
I never said donâ't go  
Donâ't go
