Everything But The Girl
"Blame"

I know I wasn't good
Maybe I was even bad
But I was way too young
To know just what I had

And if I let you down
Now I let you go
But I was so young
And now it's all gone

I'm the one to blame
I'm the one to blame

You must never think
I wish that you had stayed
Look at where we are
I'm glad you got away

But who's your daddy now
And where's your home?
You're living somewhere new
D'you think he'd take me too?

I'm the one to blame
I'm the one to blame

I'm the one to blame
I'm the one to blame

Blame
Blame

Now you forgot the words
Please don't forget your name
And who gave that to you?
Well, that was me again

Who let you down and loved you?
That was me again
And who's the one to blame?
That was me again

I'm the one to blame
I let you down and loved you?

I'm the one to blame
Blame
Blame

I'm the one to blame
Blame
