You say you're lonely  
Don't care anymore  
Emptiness abounds  
and love surrounds  
the hole besides your heart

You're feeling so sad,  
And it's never been this bad..before  
Don't wanna change the world  
But I'm gonna change your mind  
I'll only say that if you stay  
Love is what you'll find  
But you're gone...'cause love takes so long

You say you're empty  
Don't feel anymore  
Loneliness abounds  
And the music pounds around and around and  
around...

You're moving way too fast  
Like nothing ever lasts  
Just keep on ... pushing  
Could be anything you want  
Could do anything you feel  
Love is all around you  
But you don't believe it's real  
Just be fearless  
Baby be fearless...

Do it now  
Do it now  
Do it now  
Do it now

All my life  
I sit and wonder  
Why you put yourself down  
What's so bad, what's so bad, what's so bad, what's so  
bad  
About what we have now?  
Raise your hands... in the twilight

Raise your hands... to the sky

And say I love you  
No fear anymore  
Happiness is found  
Let love come down  
and shine inside your heart  
You're beautiful inside  
I'm in love with your mind and your heart and your soul  
and your eyes  
Could be anything you want  
Could do anything you feel  
Love is all around you  
But you don't believe it's real  
Open up your mind  
Listen to your heart  
Leave loneliness behind  
Come on, come on, come on

Do it now  
Do it now  
Do it now  
Do it now
