I can tell by your eyes that you've probably been crying  
forever

And the stars in the sky don't mean nothing to you,  
they're a mirror.

I don't wanna talk about it, how you broke my heart  
And if stay here just a little bit longer  
And if I stay here won't you listen to my heart, oh woh  
my heart

If I stand all alone will this shadow hide the colors of  
my heart  
Blue for the tears, black for the night's fears  
The stars in the sky don't mean nothing to you, they're  
a mirror.

I don't wanna talk about it, how you broke my heart  
And if I stay here just a little bit longer  
And if I stay here won't you listen to my heart, oh my  
heart

I don't wanna talk about it, how you broke this old heart  
If I stay here just a little bit longer  
If I stay here won't you listen to my heart, oh my heart  
My poor old heart, my heart
