I was alone thinking I was just fine,
I wasn't looking for anyone to be mine
I thought that love was just a fabrication,
A train that wouldn't stop at my station
Home, alone, that was my consignment,
Solitary, confinement
So when we met, I was getting around you,
I didn't know I was looking for love until I found you.

I didn't know I was looking for love until I found you
I didn't know I was looking for love until I found you
I didn't know I was looking for love
I didn't know I was looking for love

"cause there you stood, and I would,
Oh I wonder, could I say how I felt and not be
misunderstood?
A thousand stars came into my system,
I never knew how much I have missed them.
Slap, on the lap, of my heart you landed,
I was coy, but you made me candid,
And now the planets circle around you,
I didn't know I was looking for love until I found you.

I didn't know I was looking for love until I found you
I didn't know I was looking for love until I found you
I didn't know I was looking for love

I didn't know I was looking for love

So we build from here with love the foundation
In the world of tears, one consolation
Now you're here and there's a full brass band
Playing in me like a wonderland
But if you left I would be two foot small
And every tear would be a waterfall
Soundless, boundless, I surround you
I didn't know I was looking for love until I found you.

I just didn't know.

I didn't know I was looking for love until I found you

I didn't know I was looking for love until I found you
I didn't know I was looking for love
I didn't know I was looking for love

(repeat to the end)
