You' got me feeling so happy
Feeling so sad
I only smile now when you're with me
She got it back
I look around for someone new
Wasting her time
But no one can compete with you
That's about time

My friends I don't hear what they say
Talking to you
And my heart is a million miles away
What can I do
And I don't know whether to laugh or cry
Please don't ask me
But I know I kissed my heart good bye
I know that's easy

You tell her she's wasting her time
Still she finds
you're on my mind, on my mind

And everyday is just another
Day without you
And I don't know why I bother
Thinking about you
I see you should I run and hide
When I get home I slam my door
And shut the world outside

You tell her she's wasting her time
Still she finds
you're on my mind
on my mind, on my mind, you'r on my mind...
