You always loved the sad songs
Like you loved it when I lost
So I don't tell you when I'm happy
'Cause it only makes you cross

And I thought as I was leaving
And it strikes me every time
Politics aside we always
Thought we always got on fine

Crystal clear were my intentions
But you didn't want to know
When there's no point in staying
You just go

Don't let it worry you
Don't let it worry you

And I'll be driving through
Provincial towns and places sweetly named
And I'll be looking for a center
For a sense of live contained

But then, I'm out the other side
And through suburban avenues
I realize it never was there
That's how I feel about you

Crystal clear were my intentions
But you didn't want to know
When there's no point in staying
You just go
When there's no point in staying
You just go

Don't let it worry you
'Cause I won't, no, I won't
Don't let it worry you
I won't, no, no, I won't

Don't let it worry you
'Cause I won't, no

Don't let it worry you
'Cause I won't, no, I won't
Don't let it worry you
