The Flow

Going with the flow, with the flow, with the flow
I'm going with the flow, with the flow, with the flow
I'm with the flow, with the flow, with the flow
I'm going with the flow, with the flow, with the flow-Ooh

You gave me love
And took it away
You took me back
Now you can stay
I found a new route
I wanna take it

In my mind
I hear voices
I heard a voice say
"Heh, I'm the great
I'm rich
I'm richer in your state
Don't hesitate
I'm the great"

He said he was unpredictable
Uncomparable
He said he was the truth
Put your trust in me
Now you
You're a man

I'm with the flow
I'm going with the flow, with the flow, with the flow-Ooh
I'm with the flow, with the flow, with the flow
I'm going with the flow, with the flow, with the flow

I heard another voice, he told me
He was greater than you
"You have no power
You have no grace"
This man
Keep me in my place

He's rich
Richer in your state
He's
So don't hesitate
For he's great
Unpriceable
And unparable
He's the truth
So light

Oh, and he doesn't fight
Heh, you know what else?
He's just what I need

Going with the flow, with the flow, with the flow
I'm going with the flow, with the flow, with the flow-Ooh
Is it glow, is it glow, is it glow
I'm going with the flow that I'm going with the flow
Whatever you say
Whatever you say
I'm going years away
Now what you say
You say
I'm going with the glow, with the glow, with the flow-
Ooh
With the flow, with the flow, with the flow
I'm going with the flow, with the flow, with the flow

He makes more sense to me
Than sensitivity
