You're only two the whole wild world revolves around
you
And nothings happened yet that you might ever wish to
forget
It doesn't stay that way, if I could I'd make stay that way

And this you will recall in after years
Though you may weary of this vale of tears
These days remember, always remember

You're only two and I've no wish to worry you
So pay no mind to those who say the world is unkind
That's just something they've read and if I could I'd
strike them dead

And this you will recall in after years
Though you may weary of this vale of tears
These days remember, always remember

And honey there's no rush
The world will wait for you to grow up

And this you will recall in years after years
Though you may weary of this vale of tears
These early days remember always

I hope you never change, I'll call you Jimmy, they call
you James
Don't ever change, I'll call you Jimmy, they call you
James
These early days

I hope you never change, I'll call you Jimmy, they call
you James
(Remember always)
Don't ever change, I'll call you Jimmy, they call you
James
(These early days)

(Remember always)
I hope you never change, I'll call you Jimmy, they call
you James

(These early days)
Don't ever change, I'll call you Jimmy, they call you
James
(Remember always)
