"No...you hear me! You go to hell" -> Mr. Garrison

[Eminem]

Yo

At birth I was born with the biggest middle finger on earth

The first time I went to stick it up the shit hurt

Mom wouldn't take me, the bitch still hates me

One day she said, "Go rake leaves," I said, "Make me!"

I'm proud to announce i was probably the first kid

Who was kicked out of his house for making fart

sounds with his mouth

Arguing with me and mom was on-going

She called law enforcement when I broke the law

mower

The slut gave me a truck when I turned sixteen

I went to start it and it screamed, "Please fix me!"

Back then, when Will Smith was still the Fresh Prince

And him and Jeff were still best friends, I guess then

I decided to cut class to rap full time

And get the fuck outta this fake shit school and rhyme

Anybody who thinks this fuckin attitude is a gimmick

Come and see me, see if I don't live up to this image

Break shit!

"No...you hear me! You go to hell!"

[Parl Yams]

Yo, y'all rappers have never learned

That's why I'm fuckin wit y'all

Run around telling niggas they can fuck wit Parl

I bring it to your high school, smoke the prom

Put your brother in a headlock, choke your mom

Cause any horror like a play off loss in game seven

Walk around ripping on niggas madder than James

Evans

My left hand's sharp it moves freestyle ultra

Slap my dick like Kool Keith

Fuck like you stole from me, and rules the streets

I don't wanna have to fuck you up, so cool cease
Parl Yams be the chosen thug
What I spit be cold juice like a frozen hug
Run the streets while you're stuck at home
My temper like Bushwick Bill, bitch leave me the fuck
alone
I've been jealous since niggas was windmillin'
These cats just started to rhyme, my pen's spillin'
Your moms just told me to act, I've been wheelin'
So boy just slow your deck, i've been stealin'
I wet rappers cause it's me and Em
I guess I just ain't give a fuck like Eminem
Burglarize take busts with the slugs
Come in your window like (? ? ?) and bustin' your club
Put the heat up I teach them niggaz what to suck
And my young lords, when to stand up and light the
Dutch

"No...you hear me! You go to hell!"

[Eminem]

I came to my last show with a horse swingin' a lasso
Drunk with the asshole ripped out of an old bathrobe
Cause I don't give a fuck, you better understand that
Two Zantacs, I don't give a fuck where SoundScan at
Billboard, drugs is what I kill for
I'm Happy Gilmore, just slip me anything in pill form
I may mingle but I plan to stay single
Play bingo and drink, get old and watch my face
wrinkle
Sike, I'm 24 Thursday; six more birthdays
and I'm blowin my brains out when I'm thirty
As long as my heart beats I'ma keep tryin to see
How much speed I can eat before I fall the fuck asleep
So "I'm the Rapper, He's the DJ"
I'm the one thats got the six year old nephew screamin
"F/U/C/K"
So Jeff, give me a scratch (scratched: "No!")
The rest of y'all can kiss my ass 'til your lips stick to my
pants
