I wanna be loved by you  
By you, and nobody else but you  
I wanna be loved by you

I wanna be held by you  
Licked, smelled, and felt by you  
I need to be held onto  
Loved, loved by you

For all my flaws and all my faults  
I think I deserve to have you now  
For all my flaws and all my faults  
I think I deserve, I deserve you

For all my flaws and all my faults  
I deserve to have you now  
For all my many flaws and for all my faults  
I deserve, I deserve you

I wanna be looked at too  
Glanced at, stared at, paid attention to  
I need to be noticed by, by, by you

I wanna be stomached by you  
Tasted and swallowed and chewed up by you  
I wanna be, I need to be  
I'll settle for being hated by you  
Oh, oh as long as I, oh I, oh I  
I, I, I, oh oh oh, oh oh oh, oh oh oh
