Loneliness calls
I'm hiding from the living
Destiny falls
To pieces and I'm grieving

I ran away
From all I once believed in
I threw away
All the grace that I've been given

All my life will I search this feeling
All my life of what I was dreaming

I cannot go on I cannot linger on
Sentenced to life for I did the wrongest wrongs

You can't fight
Can't fight the past
You can't fight
Can't fight the past

A struggle within
Too late to light a fire
I cannot win
For I can't force desire

A crack in the mirror

The face is smashed to pieces
I will never see clearer
Never ever mend the pieces

All my life will I search this feeling
All my life of what I was dreaming

I cannot go on I cannot linger on
Sentenced to life for I did the wrongest wrongs

You can't fight
Can't fight the past
You can't fight

Can't fight the past

You can't fight
Can't fight the past
You can't fight
Can't fight the past

You can't fight
Can't fight the past
You can't fight
Can't fight the past
