Hey, Mr Politician - I don't like you... [4x]

Hey, Mr Politician, you and your friends
You said you'd put this nation right where it belongs
But, Mr Politician, take a look around you
None of the promises you made have come true

[Chorus 4x:]

Hey, Mr Politician - I don't like you

Hey, Mr Politician, you and your friends
You made a mess out of this country once again
Hey, Mr Politician, don't you understand
Don't cheat the Working Class
We'll get you in the end

[Chorus 4x]

Hey, Mr Politician... [4x]
... Don't like you

[Chorus 4x]

Hey, Mr Politician, you and your friends
You said you'd put this nation right where it belongs
But, Mr Politician, take a look around you
None of the promises you made have come true

[Chorus 4x]
