Feels so fine every time
Ooh I love makin love to you
Anywhere I don't care
Ooh I love makin love to you
Ooh the fire in your eyes
Makes my lovin temperature rise
Honey sweet ecstasy
Ooh I love what you're doin to me
Please don't stop
Ooh I think I'm going to lose control
Don't you stop
I want you to fill me with your soul

Cause there's no lightning or thunder
Any seventh wonder
Mightier than what you got
Keep it up forever no one does it better
Baby get it while it's hot

Give me more like before
Ooh I love makin love to you
Makes me feel life is real
Ooh I love makin love to you

Ooh your heart touching mine
Starts the beat of a natural rhyme
Such a sweet melody
Ooh I love when you sing it to me
