I woke up today not knowing,
It would be a bad day
But with my luck it ended up to be bad
My guy dumped me,
I failed my final tes
My head hurts now,
Beacause of all this stress
I don't like being here,
I feel like getting away
I'm gonna give up now,

Cuz every day is a bad day
It's a bad day.....

Todays a bad day..
I can't stand being here anymore
I hate all this it's like my heads going
Through a seven-year war
It's a bad day,
Todays a bad day,
Everyday is a bad day
Got nothing to say
Got nothing to do,
Cuz every days a bad day with you

Today I was walking and I tripped and fell
I should have asked to be thrown in a cell
My best friend called me dumb,
She now hates me
Today really sucked
Couldn't you see
